

TRAFFIC CONES

Parking Cone (Single Part Cone)
 SIZE: Height-750MM,
 Square Base-385x385MM,
 Total Weight-1.30kg approx.

Spring Post (PU)
 SIZE: Height-750MM,
 Base Dia-200MM,
 Pole Dia-80MM

Parking Cone (Single Part With Moulded Rubber)
 SIZE: Height-750MM,
 Square Base-385x385MM,
 Total Weight-4.20kg approx.

TRAFFIC CONES

- Available in different weights and sizes
- Made of LDPE (Low Density Polyethylene)
- Option of reflective sleeve/tape
- Quick setup & knockdown
- Semi-flexible
- Option of personalised printing of logos/messages
- UV stabilized and made from non-fading colours

ROAD REFLECTORS

 SIZE 100X85X20MM

White + Red
 SIZE 100X85X20MM

Aluminium Alloy Body
 SIZE 100X100X20MM

ROAD REFLECTORS

Sheetal Road Studs are made of Plastic/Aluminium material. The studs are dynamically designed so that they can bear maximum load. Highly reflective reflectors moulded in PMMA material are fitted on the studs. The reflectors are welded with an ABS base plate through ultrasonic welding process so that water and dust cannot touch reflector's inside area to maintain its reflectivity for a long time.

Actual Application

SPEED BREAKERS

Plastic
 SIZE: 250X350X50MM

Rubber
 SIZE: 500X400X50MM

Rubber
 SIZE: 500X350X50MM

Rubber
 SIZE: 500X415X50MM

Rubber
 SIZE: 500X400X75MM

Rubber
 SIZE: 500X415X75MM

End Cap Speed Bumps
 SIZE: 50MM & 75MM

Rumbles Strip (Rubber)
 SIZE: 500X130X25MM

SPEED BREAKERS

Made of sturdy Plastic/Rubber, Sheetal Speed Breakers are highly resistant to severe impacts and harsh weather conditions. Its dovetail interlocking sub-units make it bind perfectly into one firm bump. The pre-coloured material (Black & Yellow) and UV stabilizers keep them perpetually colourful. Studded with reflectors on either side, they are clearly visible to the motorists during night hours.

Actual Application

Water Storage Tanks • Pipes & Fittings • Pallets • Dustbins & Trolleys • Chemical Tanks
 Dumper Trucks • Road Safety • Garden Pipes • Rampart Pipes & Fittings

MAKING ROADS SAFER.

Sheetal Story

Sheetal, one of the leading brands in India is synonymous with trust and quality. It is a CRISIL rated company and holds an ISO 9001:2008, ISI (BIS), MSME & NSIC certification. Not just this, Sheetal also prides itself on being a registered vendor of DGS & D and Indian Railways.

Trusted by millions across the country for its superior quality products, Sheetal aims at providing more products that reinforces its brand promise - "A Timeless Bond". After a humble beginning in 1989, Sheetal began expanding its horizons with the portfolio of innovative products. Soon it became an industry leader with its commitment to quality for making the lives of people more convenient.

One of Sheetal's star category is Road Safety products. With meticulous attention to details and stringent quality control measures, there is an extensive range of traffic cones & road barriers.

Road Safety

Sheetal's commitment to deliver the best to its clients drove the leadership team to delve into the road safety arena. The current range is focused on high quality and effective traffic management products like road barriers, speed breakers and traffic cones. Made from very tough and impact resistant material, these traffic barriers, breakers and cones are available in stipulated bright colours and as per the design requirements of high quality road safety equipments. The traffic barriers and cones have night visibility designs, so as to improve road safety in low light conditions.

Features

- High impact resistance
- All-weather material
- Long lasting and non-fading colours
- Easy setup and knockdown
- Interlocking capabilities
- Follows curves and bends
- Available in stipulated colours
- Highly visible around work zones
- Enables quick and easy positioning
- Lightweight yet strong
- Reflective tape on top surface

ROAD BARRIERS

OPTIMUS
 SIZE 1325X1035X985MM
 Water Blast - 600 Ltr.

- Advertisement panel can be placed here
- Placed at critical intersections on two way streets
- High intensity reflective tape gives early warning
- High water blast reduces injury to errand drivers
- UV stabilized and non-fading impact resistant polymer
- For median, intersection, divider & tollbooth use

Available Colours:

Visibility during night

AVALON
 SIZE L-1200X W-400X H-600MM
 Water Blast - 50 Ltr.

- Extremely easy to setup and knockdown
- 2mtr. length works out most economical
- High impact resistant, non-fading & UV stabilized
- 100% interlocking
- Very strong construction

Available Colours:

TANGO
 SIZE L-2000X W-500X H-900MM
 Water Blast - 100 Ltr.

- Very strong construction
- 2mtr. length works out most economical
- Extremely easy to setup and knockdown
- 100% interlocking
- High impact resistant, non-fading & UV stabilized
- Advertisement panel can be placed here

Available Colours:

DEFENDER
 SIZE L-2200X W-500X H-1025MM
 Water Blast - 125 Ltr.

- Very strong construction
- 100% interlocking wall effect
- Extremely easy to setup and knockdown
- 2mtr. length works out most economical
- 90 degree turning radius
- High impact resistant, non-fading & UV stabilized
- Advertisement panel can be placed here

Available Colours:

ROAD BARRIERS

GRIDLOCK
 SIZE L-1055X W-500X H-800MM
 Water Blast - 25 Ltr.

- Lightweight, only one person required for assembling
- Modular design allows choosing the desired length
- Approx. 420 mt. length fit into a 40' container
- Tongue & groove interlocking system holds the barrier in place
- Plank barrier reduces the cost by nearly 40%
- Most economical water filled barrier system in the market
- Highly visible around work zones with coloured interlocking sections in red & white
- Provides greater degree of safety than drums & cones

Available Colours:

Connector SIZE L-1030X W-500X H-150MM
 Water Blast - 15 Ltr.

PRIMO
 SIZE L-1500X W-500X H-1000MM
 Water Blast - 60 Ltr.

- Unique double walled structure saves 75% or above in space & freight cost
- Highly visible around work zones, clearly channeling pedestrians & vehicles around hazardous areas.
- No sharp edges or corners, smooth exterior finish deters graffiti
- It's lightweight allows two workers to quickly erect a wall in no time
- Quick and easy to assemble
- Use of water inside reduces loss of life & damage to vehicles
- High impact resistant, non-fading & UV stabilized
- Approx. 300 mt. length fit into a 40' container

Available Colours:

DELTA
 SIZE L-1975X W-450X H-1000MM
 Water Blast - 100 Ltr.

- Advertisement panel can be placed here
- UV stabilized
- 70 point wide reflective tape bands on top surface
- 2mtr. length works out most economical
- Extremely easy to setup and knockdown
- 100% interlocking
- Can follow curves & bends
- Non-fading colour
- Provision to add on wire mesh as crowd control
- High impact resistant

Available Colours:

ALPHA I
 SIZE L-2000X W-600X H-900MM
 Water Blast - 100 Ltr.

- Very strong construction
- 2mtr. length works out most economical
- Extremely easy to setup and knockdown
- 100% interlocking
- High impact resistant, non-fading & UV stabilized
- Advertisement panel can be placed here

Available Colours:

ALPHA II
 SIZE L-1000X W-400X H-400MM
 Water Blast - 35 Ltr.

- It's lightweight allows two workers to quickly erect a wall in no time
- Extremely easy to setup and knockdown
- High impact resistant, non-fading & UV stabilized
- No sharp edges or corners, smooth exterior finish deters graffiti
